STUDENT OF THE MONTH

Austin & Serena both joined KKCS Weekend Chinese Program in 2013.

俊儒和曉桐都是2013年時加入廣教週末中文班的優秀學子，品學兼優、多才多藝。

Austin Su 蘇俊儒

Serena Chen 陳曉桐

What do you like the most about the weekend Chinese program?

I like that it's a relaxing learning environment. It's a lot different from regular school and I like it that way. When we had in-person learning, we had break times and that was when my friend and I would play card games. I really miss that. Also, during in-person learning, we would get to know the teacher a lot better and have some non-academic related conversations. With distance learning, it's a lot harder. I'm pretty sure many people can relate to this, but waking up (somewhat) early for in-person learning was painful. It felt just as bad as regular school. With distance learning, I could wake up a lot later than usual.

我很喜歡週末中文班因為它比正規學校的課程輕鬆許多。我真的很想念實體中文課時可以和朋友在下課時間玩卡牌遊戲。另外，實體中文課讓我們可以有更多機會和老師交流，討論課業以外的各種話題。現在轉成線上之後，這種交流就變得比較困難了。

我相信很多人對線上課應該也有類似的感受 -- 那就是（我認為）雖然實體課較有參與感，但是線上課讓我不需要再為了上課起個大早，終於可以睡晚一點了。

What do you like to do with your downtime?

I love building stuff. Legos or digital builds, I just love building stuff. Especially when you finish and you can look at the beautiful build that you have created, it just feels so accomplishing. It's also a good way for me to relieve stress too. I would just spend a few hours building something and afterwards I would feel very happy.

我很喜歡在休閒時間建造東西，不論是虛擬的還是實體的（例如：樂高）我都非常喜歡。建造完之後真的很有成就感，而且對我來說也是一種釋放壓力的好方法。我常常花好幾個小時沈浸在建造的世界裡，完成之後的感覺真是太快樂了！

What do you like the most about the weekend Chinese program?

My favorite part about KKCS's weekend program is the community. I am thankful to all my teachers who have helped me in my journey of learning Mandarin. One thing I miss about in-person learning is the class discussions we used to have because I've always found it interesting to get to know my peers even though we saw each other once a week. One thing I do not miss about in-person learning is commuting to Chinatown, because traffic sometimes got out of control. I enjoy exploring the city!

廣教學校週末中文班讓我很有社群歸屬感。我很感謝所有在中文學習路上協助我進步的老師。雖然我們一週只見一次面，但我特別想念實體中文課時全班的課堂討論，聆聽同學的想法是件很有趣的事情。實體課程雖然很棒，但線上課讓我不用通勤到唐人街，可以避開失控的交通路程。

You're Invited!

Our Origami workshop live stream is back! This time, we're focusing on SPRING! Come join us for a fun virtual event on April 10, 2021-Saturday at 5 PM.

2021年4月10日星期六 5:00pm 春季摺紙工作坊。這次的主题將會圍繞著春天美麗的事物。直播鏈接會公佈在 Facebook 還有廣教學校網頁，敬請關注！

TELL US ABOUT ...

This month, we interviewed K's parents on their experience in navigating virtual learning amid the pandemic. K's mom mentioned that, even though overall the virtual learning experience isn't too stressful, the electronics kept her child from learning or doing activities via other medium. With the new Boston Public School learning modules that will take place later April, K's mom also expressed her worries about sending her child into the school for in-person learning due to the difficulties of remaining proper social distance or wearing masks at all times.

We'd love to hear from you about your experience navigating the new norms of learning, and let us know how Kwong Kow could better support your child/children going forward!

這個月我們訪問了K的家長，邀請她與我們談談疫情之下線上學習的經驗。K媽媽表示，雖然整體來說線上學習並沒有想像中的糟，但是電子產品幾乎佔據了孩子的所有時間，孩子都沒有精力和時間從事其他的活動。K媽媽也表示，很擔心波士頓公立學校恢復實體課後，孩子在學校無法時時刻刻保持社交距離以及配戴口罩。

歡迎家長、廣教之友、學生與我們分享「後疫情」時代下，如何適應改變，調整心態，在「新常態」下陪伴孩子學習與成長。同時也歡迎分享給廣教學校的建議以及回饋，您的寶貴意見是我們進步的動力。

ABOUT OUR SPONSORS...

 **Boston Specialists, LLC**
Allergy | Gastroenterology | Nutrition
John Leung M.D.

Dr. John Leung established Boston Food Allergy Center (BFAC) in 2015 with the goal of treating patients with GI, allergy, and nutritional conditions through multi-disciplinary approach.

Fellowship-trained in both allergy and gastroenterology subspecialties, Dr. Leung utilizes his unique knowledge and expertise to evaluate patients from multiple perspectives. This allows for holistic and comprehensive treatment you will not find anywhere else.

Since 2015, BFAC has grown their team and expanded their clinic space twice. What was once a small office has extended to two full offices now occupying over 3000 sq. ft. in downtown Boston. The expansion of BFAC's team and physical space has allowed them to care for patients with non-food related common allergies and other GI conditions. In 2021, BFAC changed their name to Boston Specialists to reflect their expanded scope of practice.
